

Mediation Skills Development Workshops

Breakfast skills workshops are an easy and cost-effective way to develop your mediation skills and gain valuable CPD points. The workshops are specifically designed for mediators, inexperienced and experienced, to gain a more in-depth understanding of the mediation process and develop the skills needed to be more effective at each of its stages.

Put ADC's interactive Breakfast Skills Workshops in your diary for the third Thursday of each month.

WORKSHOP 3:

Shuttle Mediation – Why, when and how would you use it?

Shuttle is a process that may be needed for some mediations. In the shuttle process, the mediator works with the parties separately in the mediation process and may take on a messenger role.

In this skills workshop you will gain an understanding of the shuttle process, when it may be an appropriate way to proceed and the skills needed to effectively conduct a shuttle mediation.
