WELCOME

Welcome to the ADC-ICC Asia-Pacific Commercial Mediation Competition 2020

On behalf of the Australian Disputes Centre and the International Chamber of Commerce Australia, we warmly welcome you to the ADC-ICC Asia-Pacific Commercial Mediation Competition 2020.

Through this competition, the ADC and ICC Australia seek to equip tomorrow's business leaders and legal practitioners with the dispute resolution skills required by a growing and increasingly complex international commercial marketplace. In participating, students learn to effectively combine the use of negotiation strategies, mediation and collaborative problem-solving skills to successfully represent their clients' interests and seek settlement.

The winner of this year's competition will secure a reserved place to compete in the 16th Annual ICC Mediation Competition in February 2021. It is notable that the winner of the APMC has gone on to win this prestigious international competition two years running, and we are eager to continue this strong track record of success in 2021.

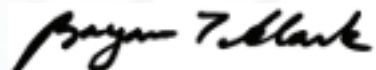

This year marks the APCMC's fourth year and, in light of COVID-19 restrictions, its first iteration in a virtual format. We would like to acknowledge the agility and perseverance of all involved in adjusting to these unprecedented times and we trust that the online format has created more opportunities for involvement in the competition.

We would also like to take this opportunity to personally thank our professional judges, mediators, session supervisors and the team coaches for investing their expertise and time into this competition, without their support the competition would not be possible. We also acknowledge and thank our sponsors for their continuing generosity and commitment to the objectives of the APCMC.

We are proud to provide you with this Programme, which provides insights into each competitor and highlights our professional volunteers who are contributing as judges and mediators. We hope this is a useful resource for all competitors, now and into the future.
