# WELCOME

On behalf of the Australian Disputes Centre and the International Chamber of Commerce Australia, we warmly welcome you to the ADC-ICC Asia-Pacific Commercial Mediation Competition 2021.

In an important milestone for the APCMC we are celebrating our 5th Anniversary in 2021. We thank all the Universities and volunteers who have been with us from the beginning, and welcome the many new participants who are with us for the first time. Over its 5 years the APCMC has grown in size and scale, but its educational objectives have remained a steady focus.

Through this competition, the ADC and ICC Australia seek to equip tomorrow's business leaders and legal practitioners with the dispute resolution skills required in a complex international commercial marketplace. In participating in the APCMC, students learn to effectively use collaborative problem-solving skills and the mediation process for resolving cross-border disputes.

A central feature of the APCMC is that the winning team secures a reserved place to compete in the annual ICC Mediation Competition in Paris. We applaud all APCMC teams that have gone on to exceptional performances in Paris, including multiple Grand Finalist Awards. We encourage all teams to take their learning from the APCMC 2021 and apply it in Paris next February.

In our second year in the midst of a global pandemic, we extend our appreciation to everyone who has supported the APCMC 2021. The initiative and leadership that our competing students have shown, the encouragement and practical support demonstrated by their Universities and coaches, and the generosity of our volunteers in sharing their time and expertise come together in a demonstration of collective strength and vision for our future leaders. Resilience is an attribute of all great leaders and we applaud all students who are competing or volunteering as Session Supervisors in the competition for stepping up as high-achievers during a time of adversity.

We thank all volunteers for investing their expertise and time and our sponsors for their continuing generosity and commitment to the objectives of the APCMC. Without your collective support the competition would not be possible. This Programme highlights our competitors, professional volunteers and sponsors. We hope this is a useful resource for you all.

Thank you again for your participation in the APCMC 2021. We wish you much learning and much fun across the three days of competition and the networking events.
